### BELLA BIANCA THE ALEXIA

#### THE BELLA TRADERS MISSION

To produce wines that are uncomplicated and taste good, that are versatile and affordable.

**Appearance:** Golden Straw like in colour

**Bouquet:** Floral Bouquet with subtle hints of figs.

**Palate:** . Intense and flavour-some, liqueur like palate with nice use of acid to balance the sweetness. Definitely a lifestyle wine that should be enjoyed all year round, but sensational when chilled on a hot day.

**Food Partners:** This wine is definitely one that can be enjoyed on its own. It is also great with white meats and white sauces and an excellent selection with fruits or deserts.
